Club Championships

This years event is wide open with many players in with a chance. Can Andrew Puddy do it again? And if the Gold Coast Suns can win a game so can anyone. The Match Committee has decided the best two scores over any of the four rounds will qualify for the associated match play event. Seventy two holes is a real test so don't despair – everyone else will go through tough periods too
Good Luck

Slope

Still no word from Golf Australia and our score cards are just about all gone. The question is do we print 10,000 soon to be out of date cards or improvise some temporary arrangement. Decisions, decisions!

Cliff Calvert Memorial

Cliff and Pat lived in the house at the rear of our back 3rd tee. The nearby seat was donated in his memory. Unfortunately someone smashed it to pieces – must have seemed to be a good idea at the time. Hope it can be repaired and put back where it belongs. Sorry about that Clifty.

Fore

Near second dam Golfer A decides to play the impossible shot to the green (don't we all). Ball hits a branch (as it always does) and shoots off towards Golfer B at the far end of the dam. Golfer C sees the ball heading to B but decides not to warn B as he judged it was unlikely to hit eye or temple. Ball strikes a hard part of B's skull and rebounds into the dam.

Did player C act correctly? A call of "watch out" would have prompted B to do just that – one ball in eye. A did not see the ball heading for B but C could have called "fore". However, C knew A could not make four and he's an honest guy. What about "duck". B would have looked up at the ducks paddling in the dam (another eye gone) Seems C may have been right in doing nothing.

An hour or so later B regained some composure with no long term damage. Player A confronted B "next time pull your b..... head in and I won't have to take a penalty. Such is golf.

A Thought for May

You must never forget that golf is supposed to be a game of relaxation. It should take your mind off your work, your mortgage, your income tax and introduce fresh and much more serious problems into your life
